# Maryland State Family Child Care Association, Inc.

The Mission of the Maryland State Family Child Care Association (MSFCCA) is to promote and enhance our profession by advocating for family child care, and providing education and collaboration with local associations for the quality care of all children.

**President**  
**Jacqueline N. Grant**

## Who Are We?

MSFCCA is a respected family child care association in Maryland that over the years has built and maintained partnerships with child advocacy groups, state agencies and legislators.

MSFCCA has given members a voice in all issues relating to family child care and the children in their care. Through these partnerships, MSFCCA is one of the few state associations nationwide that has consistently been asked to provide input regarding regulatory review and changes in the profession.

### Goals and Purposes of the MSFCCA are:

- > To support local associations and other associates which make up the membership of the MSFCCA.
- > To represent family child care providers by educating and advising legislators, regulators, and the public on child care and early childhood issues.
- > To encourage all providers to be knowledgeable of and comply with the rules governing child care in Maryland.
- > To promote quality training that will enhance the professional skills of providers and promote Best Practice in the Profession.
- > To collaborate with other organizations to advocate for the benefit of child care providers and children.
- > To build leadership within our membership.

## Why Join MSFCCA?

Membership in MSFCCA through your local association provides you with training, networking and mentoring with other providers in your area.

Your membership in a local association listed in this brochure will include automatic membership in the MSFCCA. If your county association is not listed in the brochure, consider joining one that is convenient to you. Associate Membership is also available directly through MSFCCA for \$50.00 annually.

MSFCCA has been working on behalf of providers and children since 1983. As a member, you will have a voice in the decision-making process on issues pertaining to the early education of children, locally and statewide. Come be a part of an organization that works on behalf of children and providers.

***Bringing Registered Family Child Care Providers together in Maryland since 1983!***
